

Sutta Title Index

[A short-title index, excluding the English titles and Themes]

Sutta Discovery (SD) vols 1-49 by Piya Tan ©2002-2016

compiled by Vivy Suhendra (2013); revised and expanded by Piya Tan (2016)

This is an index of all the sutta and essay titles, and their cross-references. For the full works, look up (signified by the up arrow ↑) the “SD” (Sutta Discovery) number in <http://dharmafarer.org>, the Dharma Drive, or the SD hard copies.

CONVENTIONS & NOTES

The alphabetical order and sequence of information generally follows a “common sense” rule.

Alphabetical arrangement of TITLES: Disregard all diacritics and initial articles “A,” “The,” etc. Disregard all spaces, apostrophes, hyphens, etc. Disregard (brackets) in bracketed words. Disregard the final “S” (= Sutta). For example, “Nirodha S” precedes “Nirodha Kamma S.”

References are, as a rule, to Sutta Name and Text Numbers,xxx (where xxx, *after a comma*, refers to paragraph, section, stanza or line).

An **initial asterisk** (*) denotes an abridged sutta, sutta excerpt, or partial translation. A **terminal asterisk** (--*) following a reference denotes a verse. ↑ (up arrow) look up or see under this title in the SD series or website. ↓ (down arrow) see below (under the same header). → (see also) see this title. || parallel. **Comy** Commentary. **Be** Burmese (Myanmar) edition. **Ce** (Ceylonese) Sinhala edition. **Ee** European (PTS) edition. **Se** Siamese (Thai) edition. **K** some Burmese eds. **Ke** Cambodian (Kamboja) edition.

p page. **qv** (quod vide) see this references in this work. **v** verse. **SD** Sutta Discovery. **WT** World Tipiṭaka.

Titles and references. Generally, different forms of the *same sutta* titles, and **references** to the same text are signified by an equal sign = between them. The same **text** appearing under alternate titles are signified by an “or,” as in “**Cetanā S 3** = Tatiya Cetanā S or (Nati) Cetanā S” and “S 2.26 = A 4.45, SD 7.2.”
